Thanks very much.

If I can be of any assistance, or if I can answer any questions, please let me know!

Thanks,
Michael

Subject: news coverage

Hello,

I have attached a sample of some recent news coverage of **San Jacinto River**. TVEyes.com is an internet based tool for managing broadcast TV and radio coverage. Our clients use TVEyes to track what is being said in broadcast media. In essence, TVEyes watches TV and listens to radio for you, and sends you an e-mail alert the instant your keywords are mentioned. You then can view the segments in near real-time, and share those results.

With a TVEyes subscription, you can:

9769009

- Track for unlimited keywords
- Edit/Save/Archive digital files
- Archive files permanently
- Create reports with analytics, search for coverage, etc.
- Flat-fee pricing

I would love to speak to you in more detail about the service and see if TVEyes may be a good system for you.

Best,
Michael

3/21/2016: KRIV-HOU (FOX) - Houston, TX **KRIV**

4:59:57 PM:...to cuba. fox 26 news at 5:00 starts right now. >> thanks for joining us. i'm melinda spaulding. only on fox, environmental groups are calling it an emergency. scientific evidence that the **San Jacinto River** is being exposed to potentially deadly dioxen waste. greg groogan is live with the disturbing story. greg? >> we were the first to report the discovery of a huge hole in the toxic dump known as the san.

3/22/2016: KRIV-HOU (FOX) - Houston, TX **KRIV**

7:08:30 AM:...bland's family does not buy that explanation and has filed a wrongful death suit. he was later fired by the texas dpartment of safety. melissa: environmental groups say there's a real emergency in the houston area, scientific evidence that the **San Jacinto River** is being exposed to potentially deadly dion waste. fox 26 was the first station to report the discovery of a huge hole in the toxic dump known as the **San Jacinto River** waste pits. it's a superfund site that was..."
